the Programme of Action 1992, IGNOU will also provide financial support to existing as well as new State Open Universities. Detailed guidelines have been framed for this purpose by the Distance Education Council.

The National Open School is expected to diversify its courses, accredit vocational institutions in different States/Union Territories, adopt a multi-media instructional strategy, arrange for broad publicity, particularly among the rural population and also provide assistance to the Open School to be established by the States.

The actual expansion of the Open University/Open School Education system in the Eighth Plan would, however, to a large extent, depend on the availability of funds for this purpose and on the State Governments.

(c) and (d) No, Sir. According to informaiton furnished by the State Government of Bihar, they have already established the Nalanda Open University in the State and they intend to strengthen its base.
